PIAA DISTRICT III BOYS TRACK AND FIELD CHAMPIONSHIPS ALL-TIME CHAMPIONS 1925-2024

MERGER NOTES

Throughout the years, several District 3 schools that produced track & field champions have closed or merged. Those schools that produced at least one District 3 track & field championship have unique histories. They have a separate history during the time of their existences but also a common history with their successor(s). As such, District 3 lists its all-time champions alphabetically by the school attended by the athlete at the time of his championship.

The notes below recognize the common history of the closed or merged schools and provide its total number of track & field champions. The successor school is listed first alphabetically. In the case of multi-school or multi-school district mergers, only the schools that produced a track & field champion are listed. Note: Often school districts merged prior to the completion or renovation of a new high school building. The year shows the first year athletes competed under the merged schools' name.
